

To Whom it may concern,

YAP YING HSIEN, ALLISON (NRIC. T0040020Z) was a student from the Diploma in Communication Design course at the School of Design, Temasek Polytechnic, Singapore, from 2017 to 2020.

As Allison's tutor in school, I've observed that she displays great optimism, always willing to take up challenges and pushing herself to do better work. She has a good track record of doing consistently well academically and I've seen her grown as a designer over the 3 years in school. One of her key strengths is her ability to express herself and articulate her work confidently.

Apart from school projects, Allison was also actively involved in various school activities. She volunteered as helper for Open House and took part in Aikido training. She took great initiative, pride and responsibility as a volunteer and this could be seen from different aspects of involvement in the events and activities. She also volunteered to design the Aikido Club's recruitment shirts and flyers.

Allison's cheerful nature and openness to feedback means she's always learning and growing as a learner, an impressive strength that will continue to serve her well. With her optimism and dedication, I am certain that she is going to continue to do well in the creative industry. Please do not hesitate to contact me for more information. Thank You.
